

Harsh Vardhan

Computer Science student specializing in Python, Data Science & Machine Learning. Building intelligent systems and turning data into real-world impact.

Email: chaudharyji3805@gmail.com | Phone: +91-9758334752 | Agra, Uttar Pradesh

SUMMARY

Open to internships and Data/ML roles. Passionate engineering student exploring the intersection of machine learning, data science, and intelligent automation. Focused on building systems that turn raw data into actionable insights and measurable outcomes.

TECHNICAL SKILLS

Python, Machine Learning, Data Science, Pandas, NumPy, TensorFlow, SQL, Reinforcement Learning, Data Visualization, Git/GitHub, Flask, Docker, Matplotlib, Jupyter, DSA, OOP

FEATURED PROJECTS

Warehouse Management System (RL Env)

Mar - Apr 2026

A complete reinforcement learning environment modelling a real-world e-commerce fulfillment center. Built around reset(), step(), and state() interfaces. Simulates dynamic inventory, order dispatch, resource allocation, uncertainty, and delayed consequences.

Reinforcement Learning, Python, OpenAI Gym, Simulation
https://github.com/harsh3805/Warehouse_management_system

Customer Segmentation via ML

Oct - Nov 2025

Applied unsupervised machine learning to segment customers based on income and spending behaviour patterns. Used K-Means Clustering to identify customer groups for targeted marketing insights and data-driven business strategies.

K-Means, PCA, Pandas, Matplotlib
<https://github.com/harsh3805>

Sales Data Analysis (50K+ Records)

Aug - Sep 2025

End-to-end analysis of a 50,000+ record sales dataset to uncover revenue trends and seasonal patterns. Performed data cleaning, handled missing values/outliers, and built visual dashboards for business insights.

Python, Pandas, Matplotlib, EDA
<https://github.com/harsh3805>

EDUCATION

Date	Qualification	Institute	Score
2023 - Present	B.Tech - Computer Science & Engineering	Dr. APJ Abdul Kalam Technical University, Lucknow	CGPA 7.96
2023	Class XII - CBSE	English Medium	75%
2021	Class X - CBSE	English Medium	90%

CERTIFICATIONS & ACHIEVEMENTS

Data Analytics Job Simulation, Machine Learning Specialization, Python for Data Science, Open-Source Contributor, Hackathon Participant, Continuous Learner

PERSONAL INFO

Date of Birth: August 3, 2005 | Gender: Male | Languages: English, Hindi | Status: Open to roles

CONTACT

Open to internships, ML collaborations, and conversations about data, code, and systems.
